Hello LICA Member,

The Muriel Lake Basin Management Society (MLBMS) is hosting its Annual General Meeting at the **Muriel Lake M.D. Park, on Saturday, August 12<sup>th</sup>, 2023, at 11 am.**

The MLBMS was formed to address the serious declining lake water level, water quality issues and decreased fish spawning habitat at Muriel Lake. The activities of this organization include increasing awareness and understanding of the water issues at Muriel Lake, and improving and maintaining the state of the Lake and its surrounding wetlands so that it may return to an ecologically healthy watershed.

Due to the resignation of current board members, and the unfortunate low member activity, this society may be in danger of discontinuing its amazing work at Muriel Lake. If you are interested in becoming a member to support continuing the work of the MLBMS, please email Peter Cordingley, MLBMS's Current President @ [petercordingley1@gmail.com](mailto:petercordingley1@gmail.com) for more information. Or visit their [Website](#) & Facebook page (@SaveMurielLake).

Kindly,

Kayla Hellum  
Environmental Coordinator
