Delegation request to Council on Sept 19
2023 at 9:30 AM.

To discuss our most expensive part of our
the peoples money spent on roads.

How poorly that our the people's roads
are maintained.

As a man with 52 year experience of
dirt work in all kinds of road and
oilfield work. (As a finishing operator)

I bring to the council the information
to council of some of the problems.

It is a broad range of problems.

This is what I will be bringing to
Council! This is my copy to you.
