LANDFILL VISITORS

BEAVER RIVER REGIONAL WASTE MANAGEMENT COMMISSION

Hauling Class 2 Waste to the Waste Management Landfill in Thorhild County continued as scheduled.

COLD LAKE LANDFILL WASTE ACCOUNT

210 accounts have been registered. The program is working very well for both our residents and the City of Cold Lake.

LANDFILL AND BIN SITE INSPECTIONS

Waste staff complete inspections of all landfills and bin site locations on a quarterly basis while striving to complete them monthly.

BEAVERDAM BIN SITE

The Beaverdam bin site at the old Beaverdam Landfill was expanded in October.

ARDMORE LANDFILL AUTOMATED GATE SYSTEM

The automated gate system is working quite well and limiting the use of the site to M.D. ratepayers only. To date, 1150 proximity cards and 352 smartphone app accounts have been registered.

SCHOOL PRESENTATIONS

Waste and recycling presentations were given to 135 Grade 4 students from Notre Dame Elementary and Nelson Heights Schools. The students then came for a tour of the Ardmore Landfill.

WASTE SHREDDING

In November, we rented a shredder to test the use-case of shredding bulky waste and wood at our landfills.

EXTENDED PRODUCER RESPONSIBILITY (EPR) PROGRAM

In December, we completed the registration for the EPR Program. Phase 1 will come into effect on April 1, 2025.

ALBERTA CARE CONFERENCE

Planning is underway for the M.D. of Bonnyville to host the 2024 Alberta CARE Fall Conference.
