# LET'S MAKE AN IMPACT

## About Us

The Bonnyville Health Centre, much like the surrounding community, has a rich history. This hospital maintains a compassionate and caring environment, while offering quality patient care. Under Covenant Health, Bonnyville Health Centre continues to provide invaluable health services to its growing community. Established in 1997, the Bonnyville Health Foundation is a registered charity that solicits donations and sponsors for our fund-raising events to enhance health-related programs in Bonnyville. The funds raised not only maintain the current quality of care at the Bonnyville Health Centre, but also strengthen and expand the range of specialized health services available to our community.

## 24 Years of Galas

The annual Bonnyville Health Gala is an important source of additional funding for the Bonnyville Health Centre and brings the community together for a night of dining, entertainment and dancing! The Gala offers a vibrant theme that changes each year to dazzle and entertain guests.

After a hiatus, the revival of our 2023 Gala brought our community together again with record breaking success! Over \$428,000 was raised at A Night in the Emerald City - thank you all for your resounding support!

## 2024...Partner with Us!

The 24th Annual Gala 'Flight #24: Around the World' is sure to be the highlight of the event season in Bonnyville! Your commitment to partnering with us in 2024 to break new records will be the ultimate pledge to help transform good healthcare to great healthcare right here in Bonnyville!

# THE BHF UMBRELLA

*Area of Greatest Need* This area of funding offers support to our local Bonnyville Health Centre toward the current and ever-changing needs of the hospital. Purchasing equipment for our hospital that continues to enhance the care available to local patients is a

priority for this fund. Recent purchases have included a Fetal Heart Monitor (\$38,091), Operating Room Hip Table (\$26,250) and Physiotherapy Chairs (\$9,419), to name a few.

*Bonnyville Community Cancer Clinic* Donations made to our Bonnyville Community Cancer Clinic go toward local initiatives in improving patient care and support, such as assistance for patient costs in travel and groceries during treatment. In 2023, the Bonnyville Health Foundation

has funded an upgrade to the BCCC waiting area, that was selected and designed with the comfort of the patient in mind.

*Long Term Care* Enhancing the quality of care and the level of dignity offered in our Long Term Care department is essential to our precious local seniors.

*Palliative Care* Our goal is to promote comfort and dignity and help local palliative patients live life in the best way possible through healthcare enhancements and by supporting ongoing staff education.

*Local Mental Health Fund* Promoting Mental Health is a priority for the Bonnyville Health Foundation in line with the goals of the Bonnyville Health Centre. This fund has been instrumental in funding education, *Komfort Kits*, programs and awareness initiatives for the teams at our local hospital.
