

Meeting Request Letter:

The rural halls in the Lakeland have had a couple of meetings, to strategize events and planning together, dates and times to try and make the halls more effective and profitable, and sustainable. We have discussed many things that will help the hall going forward, at the last meeting it was discussed we unanimously would like to invite all halls, that are not at these meetings, and the councillors and Reeve, of the Municipal District of Bonnyville to discuss a few key items that all our halls are struggling with to make our communities stronger, and more vibrant. We will need to collectively work together to do this. The meeting will be at the Fort Kent Community Center on June 5th at 7 pm and would like all hall bords present, and councillors and Reeve to discuss these items.

- Cost of insurance and s shortfalls that have occurred and want to understand of why this happens.
- Operation, and project Grant, understanding.
- Hall Security
- Youth involvement of the community and facilities for communities.

I think we can make progress with this meeting in building, and collectively brainstorming ideas to make our communities better and more active.

We will make an agenda closer to the date of the meeting and if the MD would like to add anything we can. I hope all can attend.

Sincerely

Dan Jubinville

President Fort Kent Community Center
