

Municipal District of Bonnyville No. 87

Request for Decision (RFD)

Meeting: Regular Meeting of Council
Meeting Date: June 11, 2024
Originated By: Lisa Foliott, Manager of Planning and Development
Title: Bylaw No. 1868 Moose Lake Area Structure Plan Bylaw

PROPOSAL & BACKGROUND

Administration has been working on a review and update of the Moose Lake Area Structure Plan (ASP) to ensure that the plan is consistent with the *Municipal Government Act* (MGA), current practices, municipal policies, and community aspirations. As all municipal ASPs are established by Council through bylaw, Administration is proposing Bylaw No. 1868 for first reading which will repeal and replace the previous Bylaw No. 923 "Moose Lake Area Structure Plan" passed in 1985.

DISCUSSION ON BENEFITS, DISADVANTAGES & OPTIONS

Part 17 of the MGA allows municipalities to adopt Area Structure Plans which have the purpose to establish the following guidelines within a designated area: general land use patterns, proposed sequence of development in the area, the overall density of population, transportation networks, and a general framework for municipal services.

The review and update of the Moose Lake ASP was initiated in February 2024 with assistance from the community consulting firm, Urban Systems. Data was compiled and a draft ASP was completed for public engagement. On February 28, 2024, an in-person ASP area landowner engagement event was scheduled and completed.

The amended Moose Lake ASP reflects input from the community focused on the following themes:

1. Protect the long-term health of the lake by focusing on preservation efforts of the natural systems that protect the shoreline, biodiversity, and wildlife habitat.
2. Promote compatible development by considering new development through the lens of potential impacts on not only the environment, but also existing residential and recreational uses.
3. Build on the expansion of the area by considering non-residential opportunities that are in line with the character of the area and establish a community identity.
