Good afternoon,

The Alberta Energy Regulator (AER) has opened a 30-day public comment period to obtain feedback on draft Specified Enactment Direction (SED) Pipeline Conservation and Reclamation Approvals Under the Environmental Protection and Enhancement Act: Requirements and Guidance for Applications and Postconstruction Reclamation Assessment Reports.

The draft SED provides direction for:

- *Pipeline proponents when preparing pipeline applications under the Environmental Protection and Enhancement Act (EPEA).*
- *Pipeline EPEA approval holders when conducting a Post-Construction Reclamation Assessment (PCRA). A PCRA is a standard condition of a pipeline EPEA approval to 1) verify the completion of the reclamation terms and conditions of the EPEA approval, and 2) to document that the post-construction project site is on a trajectory to equivalent land capability.*

To provide your feedback, please complete the public comment form on our website, [aer.ca > Regulating Development > Rules and Directives > AER Forms > Public Comment Form](#).

Comments in other formats may be emailed to engagement@aer.ca or mailed to Alberta Energy Regulator, Suite 1000, 250 - 5 Street SW, Calgary, Alberta T2P 0R4. Please use the subject heading “Feedback on Draft Specified Enactment Direction” in your correspondence. Feedback will be accepted through July 10, 2024.

Feedback received will be reviewed and may be used in finalizing this SED. Please note that comments provided through this consultation will form part of the public record and may be attributed to the specific individuals who provided them. Personal information provided with comments will be collected, used, and disclosed in accordance with the Freedom of Information and Protection of Privacy Act.
