

Municipal District of Bonnyville No. 87

Request for Decision (RFD)

Meeting: Regular Meeting of Council
Meeting Date: July 9, 2024
Originated By: Bryan Bespalko, General Manager of Infrastructure Services
Title: Sale of Waste Aggregate

PROPOSAL & BACKGROUND

Administration has received an inquiry to purchase waste aggregate from the Riverhurst Gravel Pit.

This gravel pit has been depleted of usable aggregate and the M.D. has no future plans to mine at this location.

The material wishing to be purchased is not useful in M.D. operations and will be used or buried during the reclamation of the Riverhurst Gravel Pit.

DISCUSSION ON BENEFITS, DISADVANTAGES & OPTIONS

As this material has no operational value to the M.D., the aggregate can be sold to generate revenue to offset the cost of reclamation of the gravel pit in the future.

With the option of aggregate sale open to the public, this will postpone the plan for reclamation of this pit.

Administration will need to develop a procedure for the accounting of the volume of aggregate sold and the billing for the sale. Administration will also need to investigate industry pricing to determine a rate for the aggregate and add that to the Master Rates Bylaw for Council to approve.

This proposal does not include the sale of any aggregate the M.D. has in inventory.
