DISCUSSION ON BENEFITS, DISADVANTAGES & OPTIONS

A Development Officer is a planning and development specialist with knowledge in current legislation, policy and bylaws, systems and technical requirements for physical development within communities in the Province of Alberta. A Development Officer enforces and administers land use regulations and policies on behalf of a municipality and is designated to the position of Development Authority by the municipality as defined by the *Municipal Government Act*, RSA 2000, Chapter M-26.

Alberta Development Officers Week helps to publicly recognize the work and commitment of our municipal colleagues in planning and development to appreciate the role Development Officers have in shaping our community’s future through safe and responsible development practices.

The work of Development Officers involves collaboration with residents, businesses, government agencies, and community organizations, fostering a sense of unity and common purpose.
