9				2024-09-24 10:34	Road Concerns	Very bad washboards developed at the end of Range Road 411A. We don't have anywhere to drive to avoid them anymore and come winter when things are frozen, will be hard on vehicle suspensions. They were like that last year and I assumed they'd be fixed by now. Any plans on knocking them down and making the road smooth again?	Manager: We are familiar with this location and the washboard issue and are planning to repair this location once we complete the repairs to the cold mix south of Cherry Grove (where we moved equipment to yesterday). Foreman will call this morning to relay our plan and timing.		Ward 6

36			-422	2024-09-10 15:34	Dust Control	Building a house, would like some dust control. I explained that the program is complete for the year but was hopeful we could spray a little water there to help with the dust.	Rained today, Adding to the MG30 list for 2025.	2024-09-12	Ward 6
37			Pine Drive - Cherry Grove	2024-09-10 13:40	Other Concern	Trees came down on M.D. side of property at the back of this location. Would like them removed.	Foreman called and advised that the property belong's to Cherry Grove Rec & AG Society.	2024-09-13	Ward 6
38			RR 464 North of TWP 622	2024-09-10 12:31	Dust Control	10 Tankers on road. Dust control & road conditions	Foreman talked to is concerned that the tankers are not slowing down. phoned CNRL and nothing has been done. The resident has a cold mix dust control and MG30 before & after. says the dust is still coming into parents home and would like us to put pressure on CNRL to slow down the 30 km which is what the sign indicates. also suggested that we pave from TWP 622 2 miles going North. Foreman explained that it is unlikely that portion would be paved at this time.,	2024-09-10	Ward 4
39			-442	2024-09-10 11:29	Road Concerns	Would like to know the grader schedule as the grader hasn't been there for a month. I advised I would put in the request to have the grader there. had mentioned a grader was on the road yesterday and didn't do anything and would like the foreman to give a call.	Road has a dust suppressant on it which we only blade when necessary, Foreman looked at it and the washboard was minimal but he did send the wash truck and grader to blade it. He spoke to and explained the above reason to	2024-09-10	Ward 5

44			-483	2024-09-06 14:37	Dust Control	There is a pad being built by home. Last year was told that the traffic for the pad would go around so they wouldn't go past property all the time. Now an approach has been built which is designed for the traffic to go by home and creating dust issues. also has a bus stop there and is concerned about that with the trucks going by. was also told last year that semi's are not rated to go down her road. Although this is an Oil company causing the issues. stated had conversations with the M.D. about it when this all started however I am unable to find documentation in the system.	Manager spoke with the Oil company and they said they will keep watering it.	2024-09-09	Ward 3
45			-452	2024-09-06 7:52	Road Concerns	We fixed the approach however, there a large lip has developed when turning off the road onto their approach. They would like a foreman to take a look and fix the issue.	Completed	2024-09-16
