Dear Mayor, and to whoever it may concern.

My name is [REDACTED], I'm in grade 10 at Souris Regional School. We are learning about culture and geography of Canada, to which we were asked to write a letter to a town starting with the same letter of my name, and I choose to write to you. While researching about this wonderful little town I've found some facts, I hope it is all right and I apologise if any isn't.

As one of your historical or cultural features I came to find out you have "the world's largest pyrogy" a statue. One of your natural features I have seen while looking, was your Iron Horse Trail. I'm not too sure what it is or consists of but I would like to know a little more about this Iron horse trail, if you have or know any facts or information about it. One way I have found you guys making your income was possibly through the oil and gas industry. I also found a fun fact that you might or might not know, but your community name Ardmore, could possibly have come from a place in Scotland or Ireland with the same name. Overall I thought this place interest me because of your lower population, and your statue pyrogy.

As part of my project, I would love to receive a souvenir of your town to present to my class. My teacher has suggested that this could be a sticker, pin, flag, or map of your area.

Thank you for reading my letter it was fun learning about Ardmore, and being able to tell you the information I've learnt.

[REDACTED]

Hilroy
