4286	Resident	No Name Shared	RR 463 North of HWY 55	2025-02-18 10:47	Road Concerns	Resident called in to discuss road sanding. was very sarcastic and said talked to the Reeve and all the councilors and calls here all the time but I see no record of any calls. repeatedly congratulated me for using the most sand possible and kept saying that we are in a competition and we are winning for the most sand. We used to sand only hills and corners but now we sand everything everyday and is sick of driving through it.	Photo Attached, Foreman went and looked at this location. The road is very dry and from TWP 63A some icy spots but driving lanes are mostly dry. went today to sand that area on RR 463 where thought it was icy. Spoke to Operator about concern.		2025-02-18	Ward 4
