

APPENDIX C

Section 62 Stripping, Excavation and Grading

- 62.1 For the purpose of this Section, excavation shall mean excavation other than for construction or building purposes, including, but not limited to, sand and gravel mining, topsoil stripping, peat moss, and construction of artificial bodies of water.
- 62.2 An application for a development permit for the excavation, stripping or grading of land which is proposed without any other development on the same land, shall include the following information:
- (a) the location of the lot, including the municipal address, if any, and legal description;
 - (b) the area of the lot on which the development is proposed;
 - (c) type of excavation, stripping or grading proposed, showing the dimensions of the operation or the area of the land and the depth to which the topsoil is to be removed; and
 - (d) the location on the lot where the excavation, stripping or grading is to be left when the operation is complete and the use of the area from which the topsoil is removed.
- 62.3 The applicant is responsible for demonstrating compliance with applicable legislation and regulations, particularly the Surface Disturbance Regulation of the Environmental Protection and Enhancement Act, and any amendments thereto.

NATURAL RESOURCE EXTRACTION/PROCESSING FACILITY means the development of oil, gas, gas facilities, sand and gravel operations, and logging operations and the processing of natural resources, including oil, and gas, peat, timber and wood fiber, metallic and non-metallic minerals (such as sand, gravel, coal, limestone, gypsum, granite and salt).
